

Skalli is a worldwide asset tracking device that enables the user to track assets across different regions. Containers, trailers, carriers, trollies and ULDs are best matching applications for this device.

GPS Localization

WiFi Localization

BLE

Sigfox Interface

Smart Motion Algorithm

Easy installation

Orientation Detection

Remote Configuration

Data recovery

Automatic region switching / Worldwide usage

In-flight detection

Tamper detection

Industrial Strength

5+ years of battery lifetime

IP 69

Mechanical design

Size	175 x 55 x 29 mm (L W H)
Weight	180 grams
Color	Black
Housing Material	PBTGF30
Operating Temperature [°C]	-20 to +60

Mounting

Holes (φ5.2 mm) for screws or rivets
Cable ties
Double sided tape

External BLE sensors

Temperature, humidity, air quality, contact, magnet, PCR
Other BLE sensors could be added

Certifications

Regulatory

CE / FCC / GITEKI

Sigfox Ready /Sigfox Verified

Interface

Sigfox (RC1/2/3/4/5)

User interaction

Device activation

Activation by Magnet Switch OR by Rubber Button

LED Feedback

Green and red LED feedback on the device
