

Hati Combo is a worldwide asset tracking device that enables the user to track their assets, globally.

Containers, trailers and load carriers are best matching applications for this device.

GPS Localization

WiFi Localization

BLE

NB-IoT Interface (incl. cellular positioning)

LTE-M Interface (incl. cellular positioning)

Smart Motion

Easy installation

Orientation Detection

Indoor Tracking (via BLE)

Remote Configuration

Data recovery

FOTA upgrade

Shock Detection

Industrial Strength

5+ years of battery lifetime

IP 69

Mechanical design

Size	130.4 x 72 x 35.5 mm (L W H)
Weight	~200 g
Color	Black
Housing Material	PBT/PC
Operating Temperature [°C]	-20 to +60

Mounting

Holes (φ6.3 mm) for screws or rivets
Cable ties

External BLE sensors

Temperature, humidity, air quality, contact, magnet, PCR
Other BLE sensors can be added

Certifications

Regulatory
CE / FCC

Interface
NB-IoT / LTE-M combo module

User interaction

Device activation
Activation by Magnet Switch

LED Feedback
Green and red LED feedback on the device
